IMPORTANT THING.

The Board of Trade's Appeal to the Citizens of Maysville.

Only about eighteen days from this date until the Tobacco Fair, which we hope to make an important thing to the city of Maysville. It is the desire of the Board of Trade to make this the entering wedge to the much desired result of securing a Plug Tobacco Factory. All admit that Maysville is the best point on earth for a factory of this character. This can be achieved if every merchant, professional man, banker, manufacturer and citizen of Maysville will combine their efforts to attain this result. If you have friends who are engaged in the manufacture of tobacco or in the purchase or sale of same, make it a point to write them a letter, inviting them to be present at the Maysville Tobacco Fair January 20th. If you have friends among the farmers of the counties included in these two districts, request them to be present and enjoy the pleasing features which we have arranged for the Tobacco Fair. Let every one in the city manifest an interest in this great enterprise.
